The graphic features a dark blue background with a central circular portrait of Sean Nuon. He is wearing glasses and a black t-shirt with the 'slash' logo. A red curved line connects the top left corner of the slide to the bottom right corner of the portrait. The portrait is set against a dark blue background with a glowing pink ring around it. In the top left corner, there is a logo for 'aws SUMMIT ONLINE ASEAN'. The main title 'Community Track' is displayed prominently in large white font. Below it, a subtitle reads 'Key Lessons in Building a Game Backend with AWS Serverless Services'. At the bottom, there is a calendar icon followed by the text 'MAY 18-19, 2021' and 'REGISTER TODAY'.

AWS Education to Workforce

We aim to help **institutions and student learners** around the world advance in the cloud industry through cloud skill acquisition and connect them to **employers** with cloud careers or related disciplines.

1 Skilling

We support institutions to adopt AWS Training and Certification - Education Programs resources into programs of study to train learners in cloud.

- AWS Academy
- AWS Educate
- Training bootcamps
- Technical workshops

2 Practice

We work with institutions to support their students for knowledge application and test their skills.

- Hackathons
- AWS DeepRacer
- AWS Jam
- AWS Game Day

3 Career Exposure to the industry

We connect institutions to employers to learn more about cloud related careers and aligned to local employer needs.

- Career Fairs
- Career preparation workshops
- Work placement programs
